

Materials Around Us

Circle the word that best describes each object.

soft
or
hard

shiny
or
dull

rough
or
smooth

transparent
or
opaque

waterproof
or
absorbent

stretchy
or
stiff

Find one more object. Write a word that describes it:

What can materials do?

Draw lines to match each object to its meaning.

flexible

soaks up water

stiff

does not let water through

stretchy

easy to bend

waterproof

hard to bend

absorbent

gets longer when pulled

LEARNING LIGHTHOUSE

Rooted in Tradition, Built for Today.

Lesson 1 | Key Stage 1 | Humanities

From nature to us

Materials from nature

FOUND IN NATURE

wood

cotton

Draw one more natural material:

Materials people make

MADE BY PEOPLE

paper

glass

Draw one more made material:

wood

cotton

paper

glass

Which material would you choose for a raincoat? Why?
